A word from our **GREENKEEPER...**

JESSE VERSTER

Happy new year to all! Another year gone by... We have had our ups and downs but we have been blessed with a good December. The weather held up for us and the visitors were all very happy. The staff on the course have really worked hard trying to cut everywhere. The rain has come to help cool things down and yes the grass is going to grow even more. As soon as we get good days, we will be cutting overtime to cut and catch up. The greens are a bit slower as we have raised the cutting height because of the heat. We can't cut too low as the greens will burn even more. So let's pray and hope for a good year for 2025. See you on the course.... Cheers!
